

Butler Area School District Kindergarten Registration

March 2020

If your child will be 5 years old on or before September 1, 2020, it's time to schedule your Kindergarten Registration date! If you have any questions, please contact one of our schools. We are happy to help!

How do I make a kindergarten registration appointment? Below is a list of date, times and locations. If the registration event at your child's school does not work for your schedule, you may register at one of the other schools. Please call the school that is hosting the registration event you would like to attend to make your appointment.

Which school will my child attend? Your child's elementary school is determined by home address. If you are not sure which school your child will attend, please contact our Transportation Department at 724-287-8723.
